The Journey begins at Union Road Presbyterian Church on Union Road, Magherafelt where we would love you to follow the trail around the town in the safety of your family bubbles.'

As you follow the map we want you to count the sheep that have escaped. The sheep have made their way into shop windows along the route (some of the shop windows maybe hiding more than one).

Keep a note and help our shepherds by filling in your totals along the way.

The second thing you just find are people, 'live in action', nativity characters from the Christmas story.

There are 5 to find around the town. Once you find them, each will give you two words to be collected. These words will not necessarily be in the right order but will help to form the final passcode.
